

# OUTREACH PROGRAM

for adults with intellectual and developmental disabilities

## ABOUT US

Mamre Oaks Ltd runs a day centre for **adults aged 16 and above** with **mild to moderate intellectual and developmental disabilities (IDD)**, regardless of race and religion.

Our social mission is to reach out to more individuals with IDD from the **lower income group**.

## DO YOU KNOW?

An approximate of at least 1% of the adult population has intellectual disability (ID), and this makes up **at least 33,000 adults with ID in Singapore**.

## OUTREACH

We hope to engage more organisations to **explore meaningful collaborative partnerships** to advocate **awareness, inclusivity and dignity** for individuals with IDD.
