Spirituality

Jesus Master, Way, Truth and Life

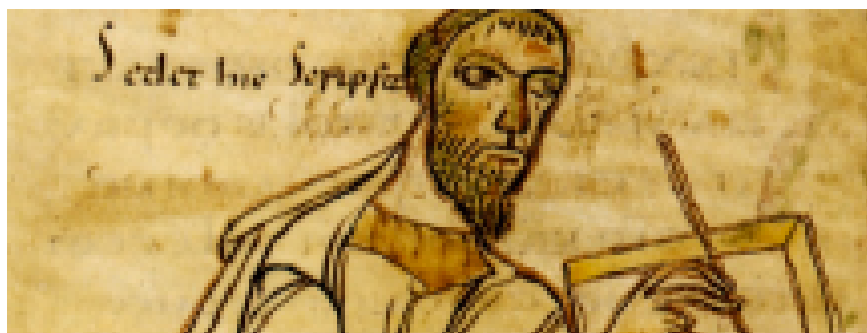

Our way to holiness is to live Jesus, the Master, the Way, the Truth and the Life until we become wholly transformed into him.

Mary, Queen of the Apostles

Mary, Queen of the Apostles is for us Mother, Teacher and Queen. She is our model disciple who is totally available to do the will of God.

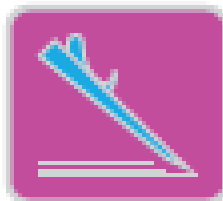

Saint Paul

Our Founder, Blessed James Alberione rooted the Pauline spirituality in the life and teaching of Saint Paul, the apostle who lived in intimacy with Christ and spent his energy and life to proclaim the Good News to all peoples.

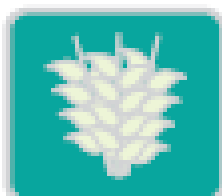

Word and Eucharist

Pauline prayer is nourished at the living fonts of the Word of God and the Eucharist. It is from here that we derive the strength needed to spend our lives seeking holiness of life from the service of the Gospel.

Study

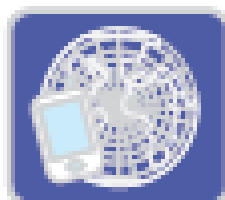

The awareness of the need to study to be open to learn always and from everything, fosters our commitment to renewal in life and the mission.

Community Life

Our living together manifests the presence and the love of Christ, who is the heart of the community. An essential element of our charism, community life is directed to our specific mission and to the integral growth of the person.

Mission

In today's new culture of modern communication and societal woes, our central mission is to communicate Christ.

The first medium in which we accomplish this is through the witness of our lives, consecrated to God and dedicated to the Gospel.

The mission of the Daughters of St Paul around the world involves a wide range of media, from traditional media to digital formats, from TV to social media, from the internet to mobile apps.

We work in the areas of writing, publishing, audio and video production, media literacy, religious education, adult faith formation and spiritual development.

We maintain Book and Media Centres and in our parish and school visits we reach out to nourish the faith of all ages, carrying with us media materials with a Christian message.

We transform the Gospel into colour, sound
and image to make it relevant to today's
media oriented world.

*"The Bible is the book that we have to
give, whether it be through film or print,
through radio or records, through
filmstrips or other forms."*
